

# SUSQUEHANNA COUNTY FARM BUREAU

## ANNUAL SCFB SCHOLARSHIP

For the fourth consecutive year we are extremely proud to be able to offer two, \$1000 scholarships to senior students in our county schools. All seniors are encouraged to apply.

We realize the importance of a 4 year post graduate college education. However, we also understand the critical needs of pursuing vocational training in various trades in today's world. Keeping this in mind, we encourage students in both of these tracks to apply for this scholarship.

We are interested in the student's entire school and community along with each individual's plan for growth after graduation. Of course we continually look for and hope to see a student's interest in agriculture and agriculture related fields and its impact on our communities and way of life.

Categories such as high school grades, work experience, extracurricular activities, community volunteerism, letter of recommendation and an essay with an agriculture focus, each unique on its own. We are definitely looking at a student who will continue his or her education post high school, while preparing himself or herself for a successful career. We also look for farm bureau membership in the student's immediate or extended family as well.

We will have a four member panel made up of 2 Board Directors and 2 SCFB members not on our Board to judge all of our applicants. Our deadline for receiving these applications is April 10, 2026 so that we can announce winners at our Spring Dinner meeting in late April. We will also plan to announce each at the school district's discretion.

Finally, as we have done in the past, the scholarship will be paid at the conclusion of the student's successful completion of his or her first semester of work.

If there are any questions please do not hesitate to contact me.

Application following this introductory letter.

Sincerely,

David DeLeon, President, Susquehanna County Farm Bureau
